# Adarsh Thakare

*Coding Enthusiast, Android Developer*

## Learning experience

### PYTHON

Jun 2022 - present

*I have been learning python for 3 years and have worked on multiple projects dealing with data visualisation and building games using Python libraries.*

### ANDROID DEVDPLOPMENT

Dec 2023 - present

*I have been self-learning Native Android Development since the past year and am practicing and improvising daily. Having created a few apps using Kotlin language, XML/Jetpack Compose, I am well-versed with its basic functional dynamics and soon will be focusing on building end- to-end projects.*

### DSA with C++

Oct 2023 - present

*I have been learning Data Structures and Algorithms using C++ programming language and have been practicing its problems on Leetcode.*

## Education

### Schooling (1st - 12th)

2010 - 2022

*City Pride School, Nigdi*

### BE Course in Computer Engineering

2023-2027

*PCCOER, Ravet*

## Skills and Summary

Python

Android  
Development

DSA
